

**NORTH GEORGIA SOCCER ASSOCIATION  
FALL RECREATIONAL SOCCER**

Registration ends on August 15. Teams will be formed the following week and your child's coach will be in contact with you to begin practice. Your child will need shin guards, shoes (cleats or tennis shoes), a soccer ball and water at **EVERY** practice and game. Below you will find the appropriate size ball. All players will receive a uniform kit that consists of one pair of socks, one pair of shorts and two jerseys, one orange and one blue. We ask that BLUE Jerseys be worn by HOME teams and ORANGE Jerseys be worn by the AWAY team at each game. Your schedule will indicate which teams are home and away. Having the two jerseys will allow your child to keep their uniform for as long as it fits so that you will not need to purchase a new one every season/year.

ALL of our coaches are **VOLUNTEERS** and we are always in **NEED OF COACHES!** If you are interested in coaching, please contact the appropriate commissioner below. One common misconception is that you need to have played soccer to be a good coach. Nothing could be further from the truth. For those of you who wish to be coaches, we have training sessions to help you become confident in your abilities. For our U6/U8 players, practices consist of games and activities that the children already know and enjoy. For instance, we play red light/green light, freeze tag, sharks and minnows and a variety of other games. The only difference is that each player does this with a soccer ball at his/her feet. The children learn how to dribble a soccer ball while having a great deal of fun. For games, your main responsibility is to make sure each child plays at least half of the game and that the players are going in the right direction.
